

Awesome Fish Guy

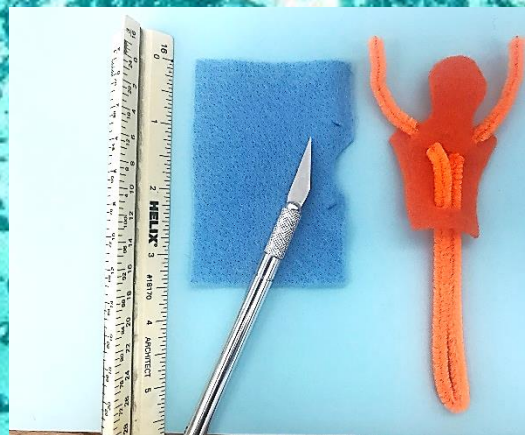

1. Put the beads on the 3 1/2 in. black pipe cleaner.

2. With the orange felt or paper, cut out a 3 inch body. Use the X-acto blade and cut 4 slits into the body for the pipe cleaner to go through.

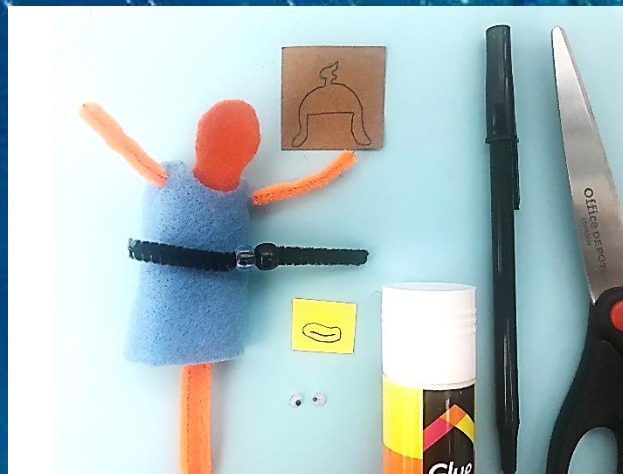

Supplies:

- *2 Buttons
- *2 Beads
- *Orange Felt or paper, Blue Felt or paper
- *a small bit of brown and yellow paper
- *1 orange pipe cleaner and 1 black pipe cleaner
- *2 google eyes

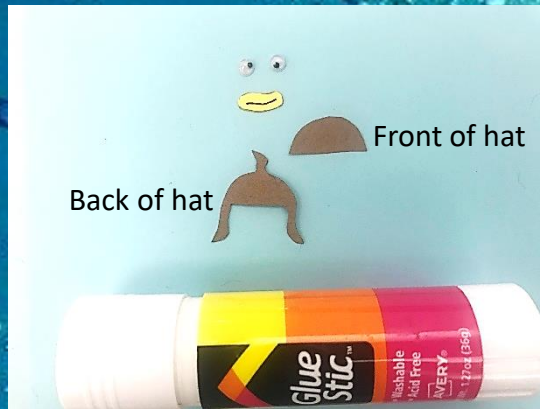

3. With the blue felt or paper, cut a 3 1/2 by 2 1/2 rectangle. Then cut 2 slits for the arms. This will be Fish Guys' clothes. Next, thread the pipe cleaner into the arm holes of the body and the clothes.

4. Put the belt around the waist to hold the clothes on.

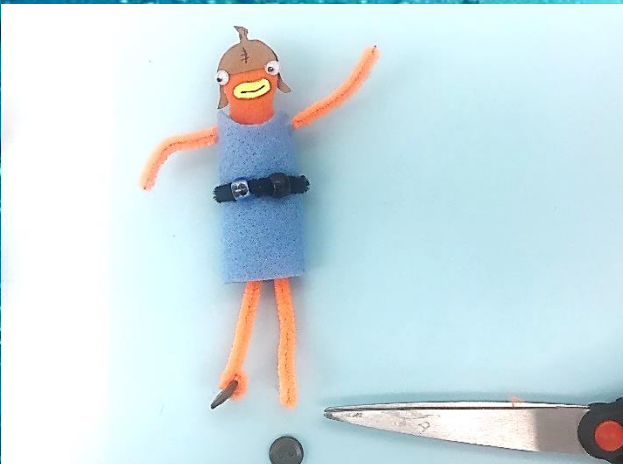

5. Draw the front and back hat shape on the brown paper and the mouth shape on the yellow paper. I used the felt head as a guide for how large to draw the two hat shapes.

6. Glue on the hat parts and the google eyes.

7. Cut the pipe cleaner at the bend so Fish Guy has two legs. Thread the end of the pipe cleaners into the buttons to create some feet.

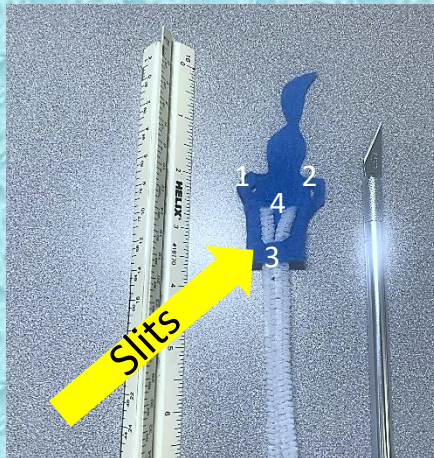

Fish Guy is ready to Dance!

Awesome Mermaid

Supplies:

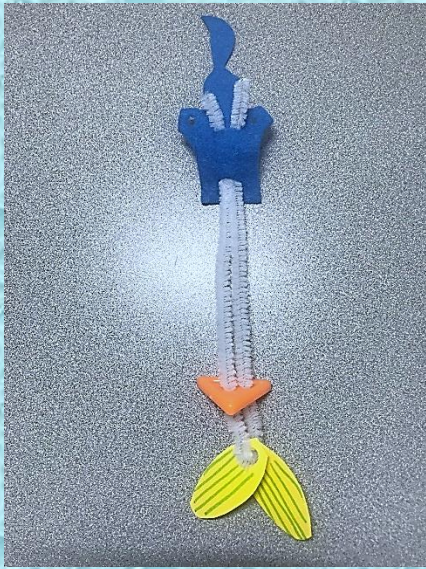

- *Three Pony Beads
- *One Big Button
- *Felt or paper for the body (any color)
- *Paper for the fins
- *Pipe Cleaner
- *Big Ribbon with wire on the edges (yellow Burlap is what I used)
- *Cut out Flower Shape

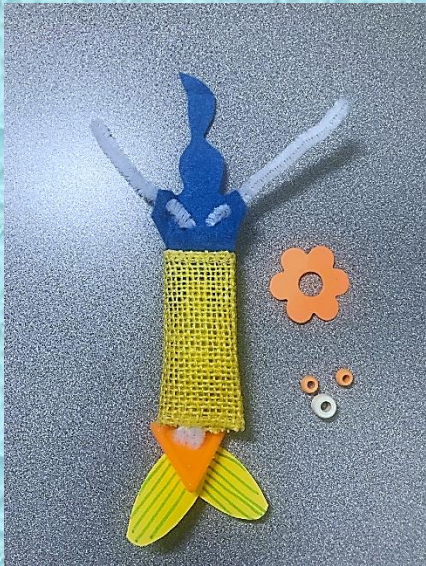

1. Using the felt or paper, cut out the body of the Mermaid to be around 3 ½ to 4 in. Then cut four slits into the body so the pipe cleaner can slide through.

2. Next draw some tail fins and cut them out. I used a hole punch to make the two holes so the pipe cleaner can thread through.

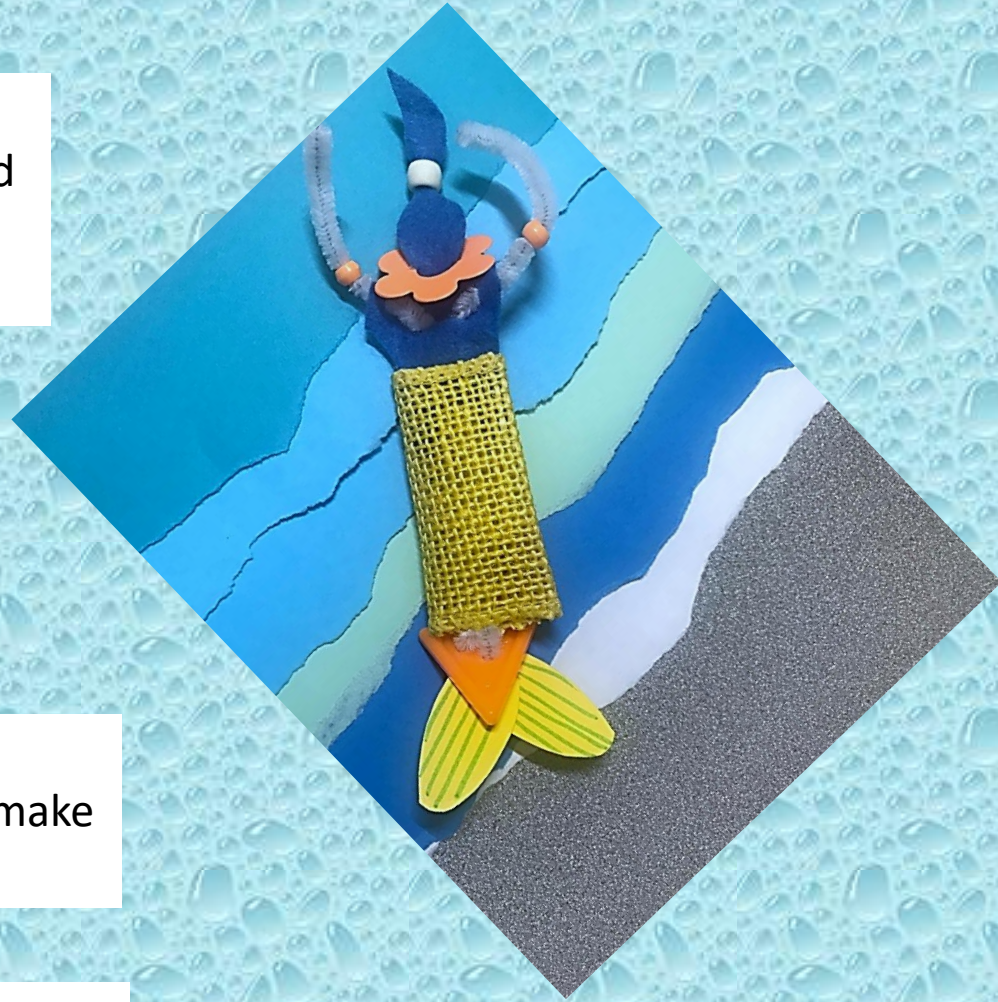

3. Next, thread the tail fins, button, and the body with the pipe cleaner.

4. Wrap the ribbon around the legs to make it into a fish tail.

5. For the final step, decorate the Mermaid with the beads and the flower necklace.

Ready to
Swim!
